**FOR IMMEDIATE RELEASE:**

**Hicks Ventures and Cobalt Medical Development announce the ground breaking of the 57,000sf 42 bed Cobalt Rehabilitation Hospital in Fargo, North Dakota.**

Hicks Ventures and Cobalt Medical Development announce the ground breaking of the 57,000sf 42 bed Cobalt Rehabilitation Hospital in Fargo, North Dakota. The Hospital includes a 12 bed Traumatic Brain Injury, Concussion, and Parkinson's Center of Excellence, and the facility is designed with upscale, hotel-like amenities. The Hospital raises the standard for inpatient services by providing all private patient rooms with spacious bathrooms, as well as separate living quarters for extended length of stay patients and their visitors.
